## **EXAMINER'S AMENDMENT**

### ***Receipt Acknowledgement***

1. Receipt is acknowledged of the Response to Restriction Requirement filed on 24<sup>th</sup> of January 2006. Applicants' election without traverse of Group II (Claims 15-20) in Paper No. 20050105 is acknowledged. Currently, claims 1-20 are pending, and non-elected claims 1-14 of the pending claims are withdrawn from consideration in this Application.

2. Applicants are reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

3. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to Applicants, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Mr. Ronald L. Yin (Reg. No. 27,607) on 3<sup>rd</sup> of February 2006. The application has been amended as follows:

#### **IN THE CLAIMS**

Claims 1-14 are canceled.

### ***Allowable Subject Matter***

4. Claims 15-20 are allowed.

5. The following is an examiner's statement of reasons for allowance:

With respect to claim 15, the claim limitations are deemed allowable over the prior art of record as the prior art fails to teach or suggest said second port for converting said second communication protocol into said first communication protocol.

The claims 16-20 are dependent claims of the claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

*Conclusion*

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Martwick [US 6,718,407 B2] discloses multiplexer selecting one of input/output data from a low pin count interface and a program information to update a firmware device from a communication interface.
